

# *MIOSHA Standards and Compliance Review for the Plastics Industry*

## *1 Who Should Attend . . .*

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and worker's compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with MIOSHA

## *2 Why you need this Seminar . . .*

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high direct costs of work-related injuries, which grew to \$42.5 billion nationally in 2000, and indirect costs, which were estimated at an additional \$127 - \$212 billion in 2002. (*2003 Liberty Mutual Safety Index.*)
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces worker's compensation costs, improves employee morale, and increases production and quality.

## *3 What You'll Learn . . .*

Employers in the plastics industry are faced with daily safety challenges including safety training, guarding of pinch points, die changes, control of hazardous energy sources and many others. This safety workshop is designed to assist employers and employees deal with these daily challenges. The session will include a review of the MIOSHA General Industry Safety Standard Part 62, Plastic Molding, and other applicable MIOSHA safety standards. Also included is a review of the revisions contained in MIOSHA General Industry Safety Part 85, Control of Hazardous Energy Sources, that pertain to this industry.

### **Agenda**

*We offer a flexible  
program agenda  
to emphasize the  
topics you  
want most.*

- ▶ Review of GI Standard Part 62
- ▶ Explanation of Maching Guarding
- ▶ When Lockout Applies
- ▶ Discuss Fall Protection
- ▶ Overview of Material Handling

# Facilitator

Rob Stacy was appointed to MIOSHA in 1997 as a General Industry Safety Officer bringing with him over 25 years of safety and health experience. Rob joined the Consultation Education and Training Division in 1999 as an Occupational Safety Consultant. Rob provides consultation, training, hazard surveys and seminars throughout western Michigan for employers and employees.

Rob earned an A.A.S. degree in Airways Management, B.A. degree in Organizational Leadership and is currently pursuing a Masters Degree in Public Administration.

Presenters: Rob Stacy and Bob Carrier, Occupational Safety Consultants, MIOSHA, CET Division.
